SkillUp IT Specialist Training Center	2019
Angular	
SkillUp IT Specialist Training Center	2019
Front-End	
SkillUp IT Specialist Training Center	2018
Basic Web And SQL	
Lviv Polytechnic National University	1997-2002
Faculty of economics and management	

Experience

Gal-Expo, JSC   **2004-Present**
Head of the Department of Economics and Exhibition Technologies

Develop and support an Excel-based database for automatic document issuance, further client work and analysis. My current job is to develop a visitor database (Angular 10 / Node.js / MySQL):
- a base with all the necessary functionality;
- application for registration for a specific event / exhibition (admin part, web form for the visitor with the possibility to register and receive an invitation);
- an application for creating and managing mass mailings on a visitor base

Synergy, LTD   **2002-2004**
Foreman

Organization of sewing production from the beginning
